

## INSTRUCTIONS

**PN: TZ-2306**

65-70 MUSTANG COWL HOOD GRILLE

### **Hardware**

4 --1/8X 1/2 Rivets    2 – Mounting Brackets

**Step1.0** -- Place the billet grill into the cowl hood opening. Make sure it is centered.

**Step2.0** -- Use the rivet holes on the mounting bracket as a guide and drill an 1/8 hole into the cowl hood.(Refer to Diagrams 1 and 2 ).

**Step3.0** – While holding the grill in place, place the mounting bracket behind the cowl hood (sandwiching the fiberglass) and line up the mounting bracket with the rivet holes. Rivet in to place. (Refer to Diagrams3 and 4).

**Step4.0** – Repeat steps 2 and 3 for the remaining rivet holes.
